Wellspring Academy's Teachers Class Codes for Remind

Nov. 1/17

Use the class codes below to receive important updates and reminders from your child's teachers and also the Wellspring Academy Administration. It is best if you install the free app called "Remind" on your smartphone. Register using your email address (not phone), password, and name. Enter a class code one at a time and then join multiple classes, by clicking on "Join a Class" and input the codes of the classes your child is in. There is no need to memorize the codes; once you join a class, you are registered to receive updates. We look forward to updating you with important information. If you have any questions, after doing the above, you may email Joel Olson at joel@wellspringacademy.org. Thank you.
