

Not to be served, but to serve

Dear parents/guardians of Wellspring Academy,

January 16, 2017

Parent-teacher communication is so important. Research has proven that when parents are more directly involved with their child's education, students are more successful, fewer behavioural challenges occur, homework completion rates are increased, and children are more likely to graduate secondary school. Please refer to the instructions below to find out how to sign up for the Remind application. Remind is a FREE, safe, and simple messaging tool that helps teachers share important updates and reminders with parents. The Wellspring Academy is using Remind as a school-wide initiative in order to improve parent-teacher communication. Teachers are ready and excited to use the easy program, but they need you to register for a Remind account. *It is exciting that **100%** of the Wellspring Academy teachers have registered with Remind, so do not neglect this amazing opportunity to easily connect with them. If you have any questions, please do not hesitate to contact Mr. Joel Olson, our Education Advisor, at joel@wellspringacademy.org. **Please choose from one of the following:***
